

BigToys® *quickFacts*: Recycled Plastic

Recycled Plastic Decks, Enclosures and Roofs

- 100% recycled High Density Polyethylene (HDPE) from recycled post-consumer plastics
- One BigToys 9 board platform contains 1,015 milk jugs, keeping them out of landfills
- Contains no saw dust or organic material as found in Trex® – 100% HDPE material won't absorb moisture
- Low-pressure injected molding vs. extruding provides improved slip-resistant surface texture (meets ADA requirements)
- 50 Year Warranty provided by manufacturer
- Contains UV inhibitors for color stability
- Load bearing components (i.e. deck support members) are fiber-reinforced
- Won't support a flame without an accelerant
- Used successfully in a wide range of environments from Alaska to Puerto Rico
- Graffiti can be easily removed with standard non-toxic cleaners
